SNBilling

Full-Service
Revenue Cycle Management

SNBilling is one component of our complete end-to-end revenue cycle solution offering including: transcription, coding, billing & revenue cycle management, and document management. We differ from other billing companies by using small dedicated teams that provide focused customer service. We function as an extension of your business office to maximize reimbursement and ensure patient satisfaction.

SNBilling revenue cycle teams are led by experienced SNBilling managers. Our model allows us to provide focused customer service to ensure accuracy, timeliness, and effectiveness. Minimize claim rejections and eliminate revenue leakage and bad debt while making data-driven decisions to accelerate your revenue cycle and maximize your profitability.

SNBilling Key Features

100% U.S. based certified teams have extensive ASC revenue cycle experience

Expert, consultative managed care contracting

Broad knowledge of all specialties, ASC practice management systems, and revenue cycle tools

Proficient with all payer types including: in-network, out-of-network, auto/PI, workers' compensation, Medicare, and Medicaid

3100 Monticello Ave., Suite 450, Dallas, TX 75205

Surgical Notes

How will the SNBilling team accelerate your revenue cycle?

- **Customized, Concierge Level Services**
  SNBilling managers handle only a few clients at one time providing personalized service to each account.

- **Streamlined Communication**
  SNBilling managers are our clients' primary point of contact for all needs to easily address any questions and eliminate multiple points of contact.

- **Proactive Partnership**
  The SNBilling team works directly with all client team members and oversees all steps in the revenue cycle process, including: transcription, coding, billing, AR management, payment posting, and patient collections.

- **Management Reporting**
  The SNBilling team utilizes the leading ASC business intelligence analytics tools to identify data-driven performance improvements. They monitor up to 20 ASC key performance indicators to detect negative billing trends and determine corrective action before revenue cycle issues arise. They also provide all monthly board and management reports to save your business office time.

"SNBilling allows us to focus on the delivery of high quality patient care instead of worrying about all of the intricate moving parts involved in the financial and revenue management processes of our ASC. From day one of our relationship, we knew that we found the right partner and have not been disappointed with any member of the SNBilling team. I can unequivocally recommend any ASC to consider using their services."
