

Full-Service Coding & Coding Audits

Surgical Notes is the preeminent choice for outsourced ASC coding. Our highly experienced team of certified ASC coders is committed to maintaining accuracy, maximizing revenue, and providing exceptional customer service. Dedicated to being an expert coding partner you can trust, the Surgical Notes coding team stays on top of regulatory changes that may adversely affect reimbursement and have a negative impact on your ASC's cash flow. Our transcription and coding services complement each other, improving workflow and greatly reducing outstanding AR.

CERTIFIED ASC-SPECIFIC CODING EXPERTISE

Instant access to coding

Completed coding is available immediately on our web portal, speeding claim processing

Guaranteed turnaround time

Reliable, industry-leading turnaround time greatly reduces outstanding AR days

Immediate documentation queries

Address insufficient documentation from our mobile app or web portal, reducing coding turnaround time

Enhanced communication

Dedicated coding managers provide RCM assistance to ASC billing teams to expedite reimbursement

What Our Clients Say

"Many of our centers relied on in-house coders and were experiencing inaccurate coding and slow turnaround time. Because it is so difficult to find certified coders with ASC experience, we turned to Surgical Notes. We are extremely satisfied! They have a great and responsive coding team that captures revenue that could normally be missed with in-house coding."

– Associate Senior VP
Business Office Operations

"Everyone at Surgical Notes is a pleasure to work with. We can be confident that our coding is correct, and we receive it back in a timely manner, allowing us to meet ASC standards for billing."

– Business Office Manager

About Surgical Notes
