Revenue Cycle Management

## SNChart®

*Web-Based Transcription & Management System*

- Industry-leading turnaround time with a 2 hour STAT option speeds reimbursement
- User-friendly, HIPAA-compliant transcription management website and mobile app eliminate manual processes
- Practice management system interface ensures data accuracy and reduces corrections

## SNCoder

*Full-Service Coding & Coding Audits*

- 100% U.S. based ASC coders provide superior accuracy and consultative services
- Instantly access coding with SNChart's HIPAA-compliant web portal reducing AR days
- Direct communication with the ASC and its billers accelerates reimbursement

## SNBilling

*Revenue Cycle Management*

- Complete revenue cycle management solutions include transcription, coding, claims, AR management, collections, and reporting
- AR management team accelerates slow payments, uncovers lost revenue, and eliminates revenue leakage
- Industry-leading technology, customer service, and analytics streamline workflow and maximize profitability

## ScanChart ASC

*Chart Automation & Document Management*

- On demand customizable chart printing eliminates manual chart prep, reduces sticky labeling, and eliminates forms fees
- Barcode technology allows for easy, one-touch scanning post-operatively into the ScanChart system
- Instant chart retrieval allows immediate access to charts, eliminating searching and remote storage retrieval fees

## ScanChart CBO

*Central Billing Office Workflow Automation*

- Works in conjunction with ScanChart ASC and provides real-time communication with your ASCs
- Centralizes all AR and AP documentation accelerating your revenue cycle
- Eliminates courier, sorting, and distribution fees dramatically reducing operational expenses
